The Missing Piece of the Puzzle

Turmoil in the book vendor industry has significantly impacted library acquisitions, and you've probably experienced some of the challenges when dealing with today's major booksellers. Unfilled or "canceled" orders that force you to search elsewhere. Customer service issues that cost you time and money. And, of course, no ILS interface with online vendors.

As a complement to your existing vendor, Midwest Library Service can provide the missing pieces.

- FREE ILS interface via our InterACQ system (simple to learn & easy to use)
- A primary focus on order fulfillment
- Automatic out-of-print search
- UK sourcing, if necessary
- A report of "Not Available" means not available (from publisher or out-of-print market)
- Designated library service representative for direct communication
- Flexible processing available
- Customizable invoices & packing slips
- Backorder service for books not yet published or out of stock
- ...& much more!

Save time, effort, and aggravation with Midwest Library Service as your supplemental vendor.
